Walls

Add warmth and character to any space with Friendly Wall.

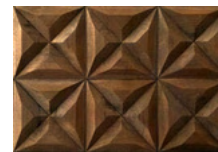

Create a space that excites all who enter. The limits are endless with Friendly Wall. Immediately upgrade an environment with 3D designs that bring bold character to develop a memorable aesthetic.

Clover Geometric

The Clover pattern features a beautiful warm and uniform appearance. This clean design accentuates the natural beauty of the sustainably sourced teak wood. Each panel is handcrafted by a furniture maker and varies from 3/8" to 7/8" thick. This is no flimsy veneer but "furniture for the walls," visually striking and unique.

Reclaimed Teak.

Handcrafted from FSC-Certified 100% recycled teak (FSC C164618). Available untreated and Class A Fire Rated. Reclaimed teakwood is renowned for its unique texture, which tells the story of its previous life. The surface features natural imperfections such as knots and nail holes. The rich patina adds to the wonderful tactile appeal.

Reclaimed Teak is certified by the Forest Stewardship Council (FSC) to be made from 100% recycled wood, making your project 100% unique.

Rootwood Teak.

Rarely, do the roots of teak trees see the light of day, even after the tree is harvested. Most often root remains are left in the ground to decompose. Rootwood Teak takes action to harvest the underappreciated part of the tree and repurpose it as an amazing wall feature. To say that Rootwood Teak makes a beautiful accent wall is an understatement!
