

Jot.a.Wall

Transform Your Workspace

Endure
Walls

Put your ideas on display. Literally.

Jot.a.Wall dry-erase, magnetic, and projectable wallcovering gives you the freedom to brainstorm, collaborate, design, and create within your workspace, wherever you need or want it. All while preserving the aesthetic vision of your environment.

Innovative and Functional Surfaces.

With Jot.a.Wall, you can effortlessly communicate your design concepts, while supporting everyday creativity and functionality.

Endure Materials offers modern solutions for collaborative spaces.

Our innovative options like magnetic, writable, and projectable surfaces are all designed to be virtually seamless. Our products span from wall-to-wall and floor-to-ceiling, ensuring comprehensive coverage for your needs.

Enhance your collaborative workspaces and take them to the next level by exploring our writable, magnetic, and projectable surfaces.

Create. Collaborate. Transform.

Dry-erase wallcovering enables users to unlock their full creative potential by turning blank walls into dynamic, collaborative spaces.

Whether for work, education, or personal use, this product transforms any space into a canvas for creativity and productivity.

Corporate

Professionals who need a flexible brainstorming tool Jot.a.Wall is easy to install and allows for endless ideas to be shared.

Education

Provide k-12, colleges, and universities the affordable and collaborative environment to soar.

Tech & Creatives

Design, marketing, and tech professionals can customize Jot.a.Wall into unique shapes and sizes, maintaining an endless flow of creativity.

Healthcare

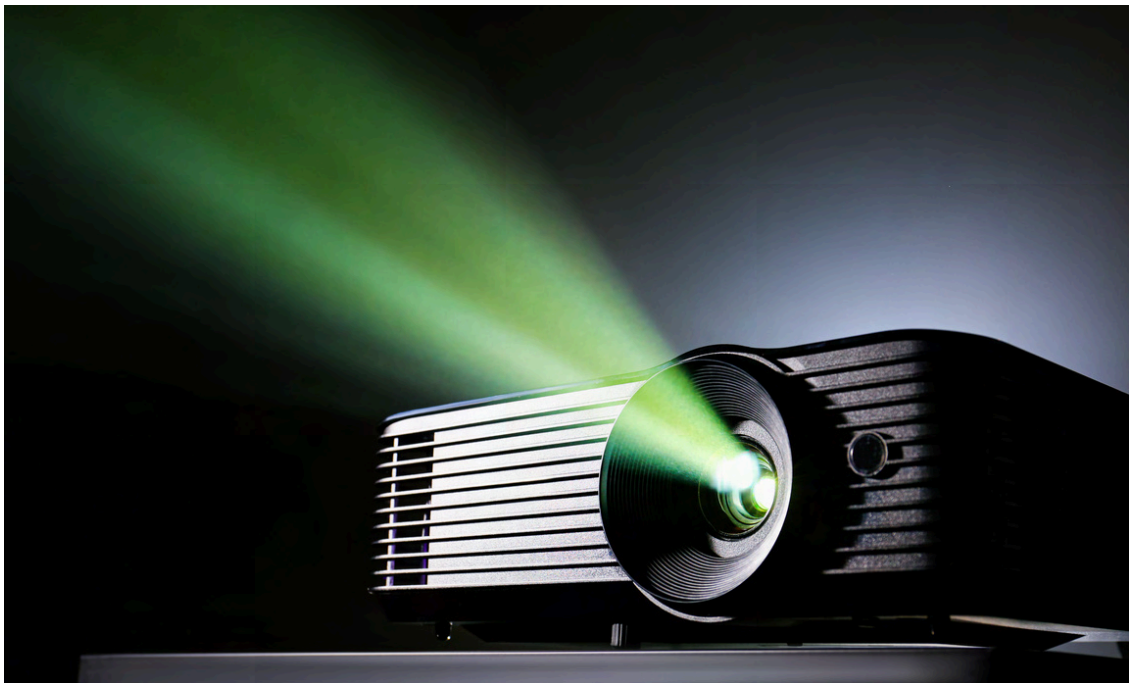

Create a central hub to communicate patient care and manage daily operations. The focal point of communication ensures the smooth flow of information between staff to provide efficient care.

Versatile

A writable & projectable surface offers dual functionality, allowing you to easily jot down notes, ideas, or diagrams while also serving as a high-quality screen for presentations or visual displays. This dual-purpose surface enhances collaboration by providing a space for brainstorming and creative thinking, while also enabling clear and vibrant projections for meetings, lectures, or workshops. Ideal for dynamic workspaces, classrooms, or conference rooms.

Combine practicality and innovation in one solution.

Think out of the box

This innovative solution combines functionality and style, offering a dual-purpose surface that's both a dry-erase surface for writing or brainstorming and a magnetic board for securely displaying notes, documents, or photos. Its sleek design integrates seamlessly into any space, making it perfect for offices, classrooms, or collaborative environments. You are in the driver's seat to enhance productivity while maintaining a modern and professional aesthetic.

Functionality and creativity into a single solution.

High-Quality

Carefully crafted using premium materials, our dry-erase products undergo a thorough lamination process to guarantee complete, uniform coverage of the vinyl substrate. Built for durability, Jot.a.Wall surfaces are designed to endure endless colors over and over again. Enable your team to generate ideas without limits, day after day.

Maintenance

A quick wipe with a damp cloth or sponge restores our Jot.a.Wall surfaces to their original cleanliness and finish. In a snap, it's easy to keep the surface polished and ready for all your collaborative activities.

10 Year Warranty

No cracking, chipping, delamination, or peeling. Jot.a.Wall resists staining and yellowing. Used with the correct dry-erase markers, the surface is long-lasting and easy to maintain.

Installation

Unlike bulky glass and whiteboards that can be difficult to transport, all Jot.a.Wall collaboration surfaces come in flexible rolls and are shipped in convenient tubes. The installation process is similar to that of commercial wallcoverings, ensuring a simple and hassle-free setup.
